

AHMAD YASER KHALAF

Front-End Web Developer

AhmadKhalaf517@gmail.com | +961 76 661 986 | Lebanon | [LinkedIn](#) | [Github](#)

PROFESSIONAL SUMMARY:

Front-End Developer with **5+ years of experience** building scalable web applications using **React, JavaScript, and TypeScript**. Experienced in developing responsive interfaces, integrating **RESTful APIs**, and collaborating with backend systems including. Skilled in creating reusable components, implementing modern UI architecture, and delivering high-performance applications. Comfortable working in **Agile/Scrum teams**, collaborating with designers using **Figma**, and building responsive applications that deliver excellent user experiences. Fluent in **Arabic and English** with strong collaboration and communication skills.

TECHNICAL SKILLS

- **Front-End Development:** React.js/Next.js, TypeScript, JavaScript (ES6+), HTML5 / CSS3, Responsive Web Design, Tailwind CSS.
- **UI Architecture:** Component-based architecture, Reusable component libraries, React Hooks, Context API / Redux / Zustand.
- **Backend Integration:** RESTful API integration, WebSocket communication, Experience working with **Express, Flask and Nestjs.**
- **Backend services:** Authentication & Authorization, CRUD operations API's.
- **Supporting Backend Knowledge:** NestJS, PostgreSQL / MySQL, SQL fundamentals, Python (Flask basics), Express, MongoDB.
- **Development Tools:** Git / GitHub, Postman, Docker (basic), CI/CD (GitHub Actions), Agile / Scrum workflow
- **Design Collaboration:** Figma (implementing UI designs into React components)

PROFESSIONAL EXPERIENCE

Full Stack Developer, SCHEDEX, Beirut, Full – Time, Remote, January 2021, March 2026

- Built and maintained modern web applications using **React and TypeScript**.
- Developed **responsive user interfaces** that work across mobile, tablet, and desktop.
- Implemented **reusable component structures** to improve maintainability and development speed.
- Integrated **REST APIs and backend services** into frontend applications.
- Implemented real-time data handling and asynchronous communication with backend services.
- Worked closely with backend teams integrating services built with **Nestjs**.
- Contributed to backend API development using **NestJS**.
- Worked with **PostgreSQL databases** and participated in system architecture discussions.
- Participated in **sprint planning, stand-ups, and retrospectives**.
- Collaborated with designers using **Figma** to implement UI wireframes into production-ready interfaces.

Projects: Freelancing, 2025 – Present

- Developed cross-platform **desktop applications using React and Electron**.
- Implemented **secure IPC communication** between frontend and backend processes.
- Integrated local databases and optimized application performance.
- Delivered production builds for **Windows, macOS, and Linux**.

Additional Programming Experience

Java Development (University Projects)

- Implemented **Object-Oriented Programming concepts**
- Worked with **Data Structures and Algorithms**
- Built academic applications using **Java**
- Built mobile applications using **Java**

C# Desktop Applications (Freelance)

- Developed **Windows Forms applications**
- Implemented database connectivity and UI functionality

EDUCATION

Bachelor of Computer Science - Lebanese International University| August 2017

CERTIFICATIONS

- Full Stack Web Development **DIGITAL HUB LEBANON**, 2026
- Cybersecurity, **AL AFAQ INSTITUTION/ WITNESS ASSOCIATION**, LEBANON, 2024
- Web Development **WITNESS ASSOCIATION**, LEBANON, 2023
- Robotics, **WITNESS ASSOCIATION**, LEBANON, 2022

HONORS AND REWARD

Honor Certification from SCHEDEX Company of being hard working and dedicate employee.

LANGUAGES

- **Arabic:** Native
- **English:** Proficient
